

Important Parent Information

For your child's safety, remain in line in your car with your car badge visible and your child will be securely brought to you. Please understand that your child gets to pick out of the Treasure Chest each Beach Club which can slow down pickup. We are committed to safety and security of your child(ren), so please honor our rules for the safety of everyone. We appreciate your patience during pickup/dismissal time! If you do not have a car badge, text Donna Drake 903-363-3061 and one will be mailed to you. Again, for security reasons, a car badge with child's name on it must be displayed in order to pick up child.
