# summer dining hall menu

## general

Camp Copass endeavors to serve high quality meals with uncompromising attention to camper's needs. Please keep in mind though that we do not always have time to focus on one or two people while there are hundreds of others equally deserving of such care.

## peanuts

Camp Copass does not use peanut oil in cooking its food. The only items we have that contain peanuts are the individual packets of peanut butter and Honey Nut Cheerios from dispensers. For some meals, we provide cinnamon chocolate chip cookies that contain pecans, and these are labeled when set out. The croutons we serve with the salads are prepackaged in a facility that also packages soy and tree nuts.

## gluten

All meals will have a gluten free equivalent. Although ingredients are gluten free all food is prepared in the same kitchen and due to that we cannot guarantee that it will completely gluten free.

## vegetarians

Every meal Camp Copass serves contains meat. Fruit is set out at every meal and cereal every morning. A salad bar is provided for all lunch and supper meals. When we have hamburgers or lasagna meals, a vegetarian alternative is provided.

## solutions

We will make every effort to accommodate your needs. In the off season, you are welcome to make prior arrangements for you or your camper to bring food and store it in our kitchen's refrigerator or freezer. It must be clearly labeled and dated. In the summer, our storage space is limited so it is not possible to allow this. You may, however, bring a cooler and use ice to keep your food preserved. Additionally, there is a microwave oven in the kitchen available to use.
